**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Wayne Dustman on September 21, 2009.

The application has been amended as follows:

Claim 11,

line 4, delete "or" (first occurrence) and insert -  
and-; and

lines 4 to 5, delete ", or small molecules or peptides  
that act by the same mechanisms of one or more of said agents".

Claim 12,

line 3, delete "or" (first occurrence) and insert -  
and-; and

lines 3 to 4, delete "or a biologically active  
derivative of any of said agents".

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: the choline salt of claim 1, pharmaceutical compositions thereof, process for preparing the choline salt and pharmaceutical compositions comprising it and method of treating thrombocytopenia are not anticipated or render obvious by the prior art of record. The non-salt form of the compound in claim 1 is known in the prior art. However, there is no motivation in the prior art to make the choline salt. It was only recognized after Applicants filing date that choline improves platelet counts (see Yilmaz et al., Shock, 25(1), 73-79, 2006, of record). The choline in the claimed salt would be expected to act synergistically in the compound to improve platelet counts and thus would be useful for treating thrombocytopenia.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
